

ECITB CCNSG SAFETY PASSPORT (NATIONAL)

DURATION

2 Days

OBJECTIVE

The aim of this course is to provide contractor site personnel with an underpinning knowledge of Health & Safety to enable them to work on a site more safely with lower risk to themselves and others.

WHO SHOULD ATTEND?

This course is designed for anyone working within the petro-chemical, engineering and installation and maintenance sectors and useful for Managers, Supervisors and Operatives including contractor personnel.

Areas Covered:

- Introduction to health & safety law and permits to work
- Safe access and egress
- Safe working practices
- Accident and First Aid Procedures
- COSHH and PPE
- Fire precautions and procedures
- Noise
- Manual handling
- Excavations
- Working with cranes and heavy plant equipment

HOW IS THE COURSE ASSESSED?

Each module of the CCNSG Safety Passport is assessed through a multiple choice question paper consisting of 20 questions each. The examination pass mark for each paper is set at 80%.

CERTIFICATION

On successful completion of the course delegates will receive an ECITB CCNSG Safety Passport. This card must be renewed every 3 years by taking the ECITB CCNSG 1 Day Safety Passport Renewal course.

This course meets the statutory requirements of the Health & Safety Executive.

HOW TO APPLY?
