

FOR APPRENTICES

Warehousing and Storage Apprenticeship Level 2

Course Details

This Apprenticeship provides evidence of competence in a supporting role in a warehousing environment. It is aimed at candidates that work as part of a team and ensure safe storage of goods and then quality of outbound items.

Apprenticeship Framework Components

- L2 NVQ Diploma in Warehousing and Storage
- L2 Technical Certificate in Warehousing and Storage
- Functional Skills

Mandatory Units

- Health, safety and security at work
- Develop effective working relationships with colleagues in logistics operations

Further credits must be achieved from a range of optional units. These include, for example:

- Pick goods from logistics operations
- Place good in storage in logistics operations
- Assemble orders for dispatch in logistics operations
- Process orders for customers in logistics operations
- Check stock records and stock levels

Functional Skills

Functional Skills are skills that are needed in a range of activities in education and training, work and life in general.

The Functional Skills required for the framework are:

- Maths Level 1
- English Level 1

FOR APPRENTICES

Successful completion of these functional skills is essential to complete the framework. Not all apprentices need to study their Functional Skills depending on previously gained qualifications. If you have a Level 1, but do not have a Level 2 you will need to study for this and sit the test. Further advice will be provided at enrolment.

Duration

The average expected completion time for this framework is 12 months although it can take longer. Confirmation of duration will be advised at enrolment.

Earnings

The National Minimum Wage for an Apprentice is advertised on <https://www.gov.uk/national-minimum-wage-rates>

Holidays

Holidays will be agreed with your employer. Your minimum entitlement is 20 days per year plus Bank Holidays.

Progression

The majority of our apprentices continue to be employed on a full time basis at the end of the apprenticeship. There are also good opportunities for progression to an Advanced Apprenticeship at Level 3.

Off The Job Training

There is a requirement for all apprentices to complete 20% of their time in 'off the job' training. This includes the need to attend Redcar & Cleveland College at least one day a week.

Future Changes

As part of the Apprenticeship Reform, this framework may be changing to an Apprenticeship Standard.
