## IOSH WORKING SAFELY

### DURATION

1 Day

### OBJECTIVE

Everyone at work should have an understanding of why they must 'work safely'. Working safely is a one-day course for people at any level, in any sector, that need a grounding in health and safety. Ideal for introducing staff to why health and safety is important, working safely shows how everyone can make a difference to their own wellbeing and that of others through everyday behaviours. Fun and interactive, the course focuses on best practice rather than legislation.

### WHO SHOULD ATTEND?

Staff on any level from any sector that require an understanding of health and safety.

### BENEFITS

Recognised by CSCS as an approved equivalent to a Level 1 Award in health and safety in a construction environment.

### Areas Covered:

- Introducing working safely
- Defining hazard and risk
- Identifying common hazards
- Improving safety performance
- Protecting our environment

### HOW IS THE COURSE ASSESSED?

Delegates are evaluated using a multi format question paper and a multiple choice hazard spotting exercise.

When you pass, you can choose to receive the IOSH Working Safely certificate and/or the IOSH Safety Passport as proof of your qualification.
