NEBOSH NATIONAL DIPLOMA IN OCCUPATIONAL HEALTH AND SAFETY

DURATION

30 Weeks per year
3 Exam Days plus assignment

AWARDING BODY

NEBOSH

COURSE DETAILS

The Degree level NEBOSH National Diploma is the flagship NEBOSH award and was the first UK vocational qualification to be developed specifically for health and safety professionals. Since its introduction in 1988 it has become established as the most popular qualification of its kind, with over 10,000 students having successfully gained the Diploma.

The qualification meets the academic requirements to apply for Graduate Membership (Grad IOSH) of Institution of Occupational Safety and Health (IOSH). This is the first step to becoming a Chartered Health and Safety Practitioner as a Chartered Member of IOSH (CMIOSH). It also accepted by the International Institute of Risk and Safety Management (IIRSM) as meeting the academic requirements for full membership (MIIRSM).

Holders of the NEBOSH National Diploma in Occupational Health and Safety may use the designatory letters "DipNEBOSH" after their name and are invited to the annual NEBOSH Graduation and Awards Ceremony in the year following the successful completion of their award.

This course is delivered over two years, one afternoon per week for thirty weeks per year, by our dedicated team from the Redcar and Cleveland College Health and Safety Academy

WHO SHOULD ATTEND?

The NEBOSH National Diploma is the qualification for aspiring health and safety professionals, building directly upon the foundation of knowledge provided by the NEBOSH National General Certificate. It is designed to provide students with the expertise required to undertake a career as a safety and health practitioner and also provides a sound basis for progression to postgraduate study.

ENTRY REQUIREMENTS

NEBOSH Certificate or an equivalent NVQ 3 level Award for Health and Safety.

Course Covers:

Unit A: Managing health and safety

Unit B: Hazardous substances/agents

Unit C: Workplace and work equipment safety

Unit DNI: Application of health and safety management in the workplace

HOW IS THE COURSE ASSESSED?

Units A, B and C are each assessed by a written examination.

Unit DNI is a workplace-based assignment, requiring students to conduct a beneficial review of health and safety arrangements in their own organisation.

It is a common practical unit that can contribute to achievement of the NEBOSH International Diploma in Occupational Health and Safety.

PROGRESSION AFTER PROGRAMME

The National Diploma provides a sound basis for progression to MSc level:

A number of UK universities offer MSc programs that accept the National Diploma as a full or partial entry requirement.
